

Lieferbedingung

The screenshot shows a configuration page for delivery conditions in Shopware6. The interface has a dark red header with a menu icon and a gear icon. On the left, there is a sidebar with several menu items: 'SelectLine', 'Merkmale / Varianten', 'FINN.mail2sl', 'GetMyInvoices', 'FINN.webshop | B2B', 'Shopware6', and 'Einstellungen'. The main content area is divided into two sections. The top section is titled 'Rechnung' and contains a dropdown menu with the value 'sofort rein netto (10)' and two red checkmark icons. The bottom section is titled 'Lieferbedingung' and contains three rows of configuration options: 'Shopware' with 'SelectLine', 'Express' with 'frei Haus', and 'Standard' with 'UPS'. Each row has a dropdown arrow on the right side.

Hier kann man die Lieferbedingung, wie sie im Shopware-Shop konfiguriert sind, mit der entsprechenden Lieferbedingung aus der SelectLine verknüpfen.
