

Shopdaten

The screenshot shows the 'Shopdaten' form in the FINN.ghost interface. The form has a white background and is set against a dark red header. It contains three input fields: 'URL zum Shop' with the value 'https://gurkenshop.dako-it.com/', 'Zugangs-ID' with the value 'SWIAQM5RDLBOQ0LUA05BDXZ0EA', and 'Sicherheitsschlüssel' which is currently empty and masked with dots. The FINN.ghost logo is in the top left, and a settings gear icon is in the top right.

In den Shopdaten wird der Zugang zum Shop konfiguriert. Bestehend aus der **URL des Shops**, der **Shopware-Zugangs-ID** und dem Shopware **Sicherheitsschlüssel**.

Um die Zugangs-ID und den Sicherheitsschlüssel zu erhalten, muss im Shopware-Backend eine neue Integration erstellt werden. Dies erfolgt unter **Einstellungen -> System -> Integrationen**.

The screenshot shows the 'Integration anlegen' dialog box in the Shopware-Backend. The dialog is white with a red border and is overlaid on a blurred background of the administration interface. It contains the following fields: 'Name' with the value 'FINN.ghost', 'Rollen' with a dropdown menu, 'Zugangs-ID' with the value 'SWIAVUZ4MGHATWFRVVJ1NJQ5NG', and 'Sicherheitsschlüssel' with the value 'OXo4Z0JnNTBnTEdzUlhPZkpjbVAyNlh2UjUzT1Rkekw4TmR3e'. Below the fields is a warning message: 'Bitte notiere Dir jetzt den Sicherheitsschlüssel. Nachdem die Integration gespeichert wurde, wird der Schlüssel aus Sicherheitsgründen nicht wieder angezeigt.' At the bottom are two buttons: 'Abbrechen' and 'Integration speichern'.
