

Shopdaten

The screenshot shows a configuration form titled 'Shopdaten' within the FINN.ghost interface. The form contains three input fields: 'URL zum Shop' with the value 'https://gurkenshop.dako-it.com/', 'Zugangs-ID' with the value 'SWIAQM5RDLBOQ0LUA05BDXZ0EA', and 'Sicherheitsschlüssel' which is currently obscured by a series of dots. The interface includes a dark red header with the FINN.ghost logo and a settings icon.

In den Shopdaten wird der Zugang zum Shop konfiguriert. Bestehend aus der **URL des Shops**, der **Shopware-Zugangs-ID** und dem Shopware **Sicherheitsschlüssel**.

Um die Zugangs-ID und den Sicherheitsschlüssel zu erhalten, muss im Shopware-Backend eine neue Integration erstellt werden. Dies erfolgt unter **Einstellungen -> System -> Integrationen**.

The screenshot displays the 'Integration anlegen' (Create Integration) dialog box in the Shopware administration interface. The dialog is overlaid on a blurred background of the 'Einstellungen' (Settings) page. The 'Name' field contains 'FINN.ghost' and the 'Administrator' role is selected. The 'Zugangs-ID' (Access ID) field is highlighted with a red box and contains the value 'SWIAVUZ4MGHATWFRVVJ1NJQ5NG'. The 'Sicherheitsschlüssel' (Security Key) field is also highlighted with a red box and contains the value 'OXo4Z0JnNTBnTEdzUlhPZkpbVAYNlh2UjUzT1RkekW4TmR3a'. Below the fields, a warning message states: 'Bitte notiere Dir jetzt den Sicherheitsschlüssel. Nachdem die Integration gespeichert wurde, wird der Schlüssel aus Sicherheitsgründen nicht wieder angezeigt.' (Please note the security key now. After the integration is saved, the key will not be shown again for security reasons.) The dialog has 'Abbrechen' (Cancel) and 'Integration speichern' (Save Integration) buttons at the bottom.
